

# The Immigrant Belonging Project

The Office of Immigrant Relations (OIR) is partnering with the Othering & Belonging Institute (OBI) at the University of California at Berkeley.

A countywide project like this has not been completed in over 20 years. This project will shape our understanding of the experiences of immigrants in the county for many years to come. We hope you will consider joining us. For more information on the project, please contact the OIR team at [immigrant.relations@ceo.sccgov.org](mailto:immigrant.relations@ceo.sccgov.org).
